

T. P. A. TO MEET IN ALEXANDRIA

Board Decides to Have State Convention There Instead of in Norfolk.

CAMPAIGN FOR NEW MEMBERS

Secretary Harwood Will Visit Every Post in State to Stimulate Work.

The State board of directors of the Travelers' Protective Association held its bi-monthly session last night at the residence of Colonel John S. Harwood, chairman of the legislative committee. Before the business session the hospitable colonel was host at dinner. The dining-room was beautifully decorated for the occasion, and the menu was excellent. At every plate a miniature self-case bearing the name of the guest was placed.

The board changed the place of meeting of the State convention from Norfolk to Alexandria, and set the date of the convention for May 10th and 11th.

The report of the secretary showed the fourteen posts in the State to be in fine condition, and announced forty-one new members for February. The report of the Alexandria post was very gratifying, showing an increase of seventeen members during the past month.

The membership in the State is nearly two thousand, which will give them a representation of 200 delegates at the convention in Alexandria and twenty-two representatives at the national convention in Norfolk.

It was decided to make an extra effort during the next two months to secure 500 new members.

State Secretary H. L. Harwood was instructed to visit every post in the State to stimulate the workers, who are eager to reach the 2,500 mark. A big campaign will begin in Norfolk next week, in which 250 new members will be secured.

The various committees made their reports. At midnight the meeting adjourned, and Mr. J. L. Hill, on behalf of the board, thanked Colonel Harwood for the invitation and excellent dinner.

Those present were President C. E. Herbert, of Norfolk; Thomas Pindexter, chairman of the board; Messrs. T. S. Beckwith, of Petersburg; J. V. Williams, of Alexandria; J. C. Eastwright, of J. King, of Portsmouth; Dr. W. S. S. of Lynchburg; J. L. Hill, R. S. Crump, B. S. Christian, George W. Rogers and E. H. Clowes.

SPEAKERS ANNOUNCED FOR BIG CONVENTION

The list of speakers for the opening day's session of the National Convention of the T. P. A., which will be held at Jamestown on June 17th, was made public last night.

Governor Swanson will welcome the 2,000 visitors on behalf of Virginia. Mayor Riddick, of Norfolk, will speak for the exposition. The welcoming address will be responded to by Colonel John S. Harwood on behalf of the T. P. A. of the State, and Thad H. Howe, national president of the T. P. A.

The convention will be in session about five days. Mr. E. H. Clowes, State chairman of the hotel committee, returned yesterday from Norfolk, where he made arrangements for the 2,000 delegate and visitors.

AMELIA, VA., March 2.—News over the phone has just come stating that the large stable and other buildings near Mannboro, took fire this afternoon while Mr. Booth was away from home. FAST FREIGHT DERAILLED.

Eleven Cars Leave Track; No One Killed. LYNCHBURG, VA., March 2.—A north-bound fast freight was wrecked this morning twenty miles north of Lynchburg. It was derailed in transit, eleven cars going over an embankment. There was a delay of some hours. All of the early morning trains from the South, several of which were behind time, were detained over the Chesapeake and Ohio and Norfolk and Western, via Basic City, until the track was rebuilt. STANFORD WHITE DENIED CHARGE

(Continued from First Page.)

Important admissions as to Thaw's present state of mind upon which to predicate an application for a commission in lunacy and the suspension of trial. Mr. Jerome realizes that he must be sure of his ground before asking for a commission, and he consequently will not take that step until some of the State's alienists have gone upon the stand.

Dr. Hamilton to Be Called.

Dr. Allan McLane Hamilton, who was employed for a time by the defense, and who visited them in the Tombs, is expected to be the most important expert witness for the prosecution. Dr. Hamilton is known to have expressed the opinion that Thaw's insanity was of a lasting character. Mr. Jerome was having the foundation for Dr. Hamilton's testimony when an adjournment was taken Friday afternoon.

He asked Dr. Evans, witness for the defense, if Dr. Hamilton was not regarded highly as an authority on nervous diseases. Dr. Evans refused to answer, and Justice Fitzgerald took the point under consideration. The judge also reserved decision on the question raised by Mr. Jerome as to whether or not he should be permitted to quote from various medical books as to the effects of various mental diseases.

Thaw Fears Asylum.

Thaw seems apprehensive of his fate only as it relates to an asylum for the criminal insane. The thought of the death chair, it is said, has never once entered his mind. He has been in constant fear, however, that there might be a "conspiracy" to "railroad" him off to an asylum.

Within the last two days the defendant has called upon his attorneys for an assurance that they would not enter into an agreement with the district attorney for the appointment of a commission. They gave him their promise to fight to the utmost to have the case passed upon by the present jury.

Dr. Britton D. Evans, who declared Thaw to be suffering from a "brain storm" when he shot White, will again go on the stand Monday. It will make his fourth day under cross-examination.

Evlyn Nesbit Thaw, Mrs. William Thaw and the Countess of Yarmouth visited the defendant in the Tombs to-day.
